

33 An informative text

Read the text “The Whistleblower” on pp. 46–47 in your Textbook. The text mentions two major American crime fighting organisations: The Central Intelligence Agency (CIA) and The National Security Agency (NSA). Choose one of these, carry out research about the organisation and write an informative essay that covers these topics:

- The history of the organisation.
- The purpose of **their** operations.
- How the organisation is run. (I.e. who is in charge of it?)
- How large the organisation is. (I.e. how many employees does it have?)
- Is there a similar organisation in your country?
